

Helpful to achieving the objective		Hamper achieving the objective
Internal origin (attributes of the system)	<p>Strengths</p> <ol style="list-style-type: none"> <li>1. Understanding the role of ethics when conducting research</li> <li>2. Strong analytical skills for statistical and results-based purposes. Understanding the best methods to gather data for research.</li> <li>3. Proficiency when interpreting results</li> </ol>	<p>Weaknesses/Areas for further development</p> <ol style="list-style-type: none"> <li>1. Not referring to sources that are not on the reading list</li> <li>2. Articulation of results and understanding how to expand on gathered results (critical analysis).</li> <li>3. Limited experience in research projects. Less confidence in handling complex data sets in real world scenarios.</li> </ol>
	<p>Opportunities</p> <ol style="list-style-type: none"> <li>1. Learning from discussion posts about different approaches that could be used for my own projects.</li> <li>2. Exposure to diverse perspectives can enhance my research quality.</li> <li>3. Case studies and exercises have helped bridge the gap between theory and practice.</li> </ol>	<p>Threats</p> <ol style="list-style-type: none"> <li>1. Focusing on areas of research that are familiar and not taking risks by looking at other areas that I may enjoy</li> <li>2. Changing my research subject due to not being sure what my focus should be.</li> <li>3. Time management which has led to missing formative assessments.</li> </ol>
